S. Fish & Wildlife Service • UWSP Foundation Inc. • U. of Wisc./ Stevens Pt./Coll. of Natural Resources

# Becoming an Outdoorswoman

Becoming an Outdoorswoman is a program for the learning of outdoors skills — skills often associated with hunting and fishing, but useful for many outdoor pursuits. Designed for women, it offers an opportunity for anyone 18 years of age or older, and is for you if ...

- (b) you have never tried these activities, but want an opportunity to learn,
- you are a novice who would like to improve your skills,
- you have tried some of these activities but would like to try new ones,
- you are looking for the camaraderie of like-minded individuals.

## Workshop Offerings

Friday A.M. (Pre-Session 9:00 - 12:00)

**Introduction to Firearms** — Learn the basic actions of a variety of firearms, plus safety, proper handling techniques in the field as well as cleaning and storage.

THIS IS A REQUIREMENT FOR ANYONE TAKING A SHOOTING WORKSHOP WHO HAS LITTLE OR NO PREVIOUS FAMILIARITY WITH GUNS.

#### Friday P.M. (Session I)

- **A. Introduction to Firearms** Repeat of the Pre-Session.
- **B. Focus on Fishing** Learn the art of catching fish. Topics include fishing gear, fish habits and behavior, and reading the aquatic landscape. This program is a must for beginning anglers especially those planning to take bass fishing or fly fishing
- C. Riflery for Beginners The .22 rifle is the easiest firearm for beginning shooters. If you think you might like target shooting but you aren't quite sure, this session is a good place to start
- **D. Nature Photography** Expect the unexpected when you spend an afternoon in the field with noted photographer/naturalist John Green. Learn new ways of looking at your surroundings. Bring your own camera.
- E. Wild Edibles "Gather ye rosebuds while ye may," along with marsh marigolds, cattails, etc. Russ Cohen, noted authority and author of Wild Plants I Have Known and Eaten, has many decades of experience teaching about and eating wild plants. Learn to find, identify and prepare delicious wild snacks.
- F. Meet the Birds —Join biologist/naturalist Tony Gola on a leisurely bird walk. Learn to spot and identify many of the area's feathered residents.
- G. Ropes Step outside your "comfort zone." Would you like to try climbing or learn how rock climbers stay safe while climbing through belaying? You can do both. Learn to climb, "belay" other participants and lower them safely to the ground. Or climb a rock wall. Set goals that become attainable through planning and teamwork. There is an additional charge for this session.
  - Minimum 8, Maximum 20 participants
- H. Map & Compass Skills Learn to read simple maps and use a compass to find your way through fields and forests. This course is highly recommended for anyone planning to hike, hunt, use a GPS or take the upcoming Geocaching course (Session BB).
- I. Mountain Biking—Cycling, it's not just for country roads anymore. Learn the skills and ethics of off-road bicycling on a short bike-hike. (Limit 5)
- **J. Kayaking** Learn the basic kayaking skills needed to glide over the water using "sit-on-top" kayaks. Limit 10.

#### Saturday A.M. (Session II)

- **K.** Archery For skill and precision training, few sports can compete with archery. Rain or shine our instructors will get you on the bullseye in short order.
- L. ATV Basics Learn the principles and behaviors of safe and responsible ATV riding. You will learn how to do a proper pre-ride inspection, ride in a variety of conditions, and negotiate obstacles. You must bring a pair of gloves, over the ankle boots, long sleeve shirt and pants. If you have a DOT approved motorcycle helmet and goggles please bring them, otherwise we will provide helmets, ATVs, and eye protection. Limit 8.
- M. Fly Fishing Part 1 This is a beginners workshop which will take place on the grass. Participants will become familiar with basic fly fishing equipment and become proficient in the 30' cast. Also, learn the basic fly types and how to use them.
- N. Lessons from the Past Enjoy a look at Native Americans' stone tools as well as their use of wildlife for food, tools and clothing with naturalist and archeology enthusiast Randy Julius.
- O. Beginning Shotgun Shotguns are the firearm of choice for hunters in Massachusetts. Learn to hit a moving target clay pigeons in use. The techniques you will learn apply to many types of targets including game.
- **P.** Beginning Handgun Handguns provide exciting options for precision shooting. Brush up your skills and learn a new and possibly competitive sport
- Q. Take a Hike! Hike at historic Kennedy Park and learn to i dentify plants and animals along the trail. Enjoy the spectacular vistas of Mount Greylock and the Taconic range from the Lookout. Explore the ruins of one of the Berkshires premier resorts, the Aspinwall Hotel and more.
- R. Reading Wildlife Sign Learn how to spot and identify tracks, scat, hair and other often subtle clues that record the daily lives of wild animals.

  Limit 12.
- **S.** Lost in the Woods...Now What? Part 1 This two-part, hands-on class will introduce you to attitudes and skills needed to manage an unexpected stay in the woods: what to do before you set out, what to take and why, prioritizing your needs and actually building a debris hut and a cozy fire.
- **T.** Bass Fishing Part 1 learn the basics of bass fishing under the guidance of expert instructors from MassWildlife's Angler Education Program. This full day program includes a morning of instruction and an afternoon fishing for bass from a boat. No previous experience required. Limit 6.

#### Saturday P.M. (Session III)

- U. Fly Fishing, Part 2 Participants will use their casting skills at a well stocked pond. With luck they will have a chance to practice hooking, landing and releasing fish. (Prerequisite Fly Fishing I or equivalent.)
- V. Lost in the Woods...Now What? Part 2 This is a continuation of session S. The workshop will cover signaling for help, obtaining water, foraging for food, finding directions without a compass, emergency first aid and dealing with wildlife. (Pre-requisite Lost in the Woods... Part1.)
- W. Finishing School In this workshop you will learn a little about a lot of things. It is a "finishing school" which will prepare to deal with those awful moments for when you break down in the woods or at a remote camp, or have a flat when there's no one to help, or your only propane light goes on the blink when you're camping, or the headlights go out on your truck at night on a back road, or a fallen tree has blocked the road and it's the only way out, or your rented outboard motor quits at the other end of the lake and there's no one around... Anyway, you get the idea.
- X. Canoeing for Beginners Learn to paddle your own canoe in this "on-the-water" session. This session is for beginners and is great preparation for session JJ. Limit 10.

- Y. Skull and Bone Identification Have you ever found a skull or bone while hiking in the woods or along the shore and wondered what animal it came from? Skeletal remains are some of the most common and interesting evidence of animals that share the environment with us. This interactive workshop will show you what to look for to identify these animals. Learn to use the keys to identify your find. Feel free to bring any NE bones or skulls that you would like to identify.
- **Z.** Archery a repeat of session K
- **AA. Small Bore Shooting for Beginners** A combination of sessions C and P.
- **BB.Dutch Oven Cooking** One pot does it all! Dutch ovens are the most versatile of cooking utensils. Not well known in New England, they are the basis for bakeoffs and outdoor cooking competitions in much of the rest of the country. Learn about the selection and care of these traditional utensils Prepare, and sample, a variety of dishes selected from main dishes, side dishes, breads and cakes.
- **CC.** Basic Horsemanship Repeat of Session I. Limit 5.
  - (There is an additional charge of for this session to be paid directly to the stable.)
- **DD. Walking Stick Defense** A walking stick, cane or ski pole can be a very effective means of defense for the outdoors-woman. Increase your options for safety at this new workshop. Walking sticks will be provided. Limit 15.

#### Sunday A.M. (Session IV)

- **EE. Fly-Tying** This session, taught by a group of passionate fly fishermen, will explain macroinvertebrates and minnows, demonstrate wet and dry flies, and lead the participant through making a fly of her choice.
- FF. Black Powder Learn to shoot a flintlock, caplock or muzzle loader. Black powder hunting is a rapidly growing sport and learning to shoot with these firearms is challenging and fun.
- **GG.** Intermediate Shotgun for those who have basic shotgun skills and want an additional challenge.
- HH. Mountain biking repeat of session I
- II. Basic Horsemanship repeat of session CC.
- **JJ. River trip** For the paddler with a bit of adventure and stamina this is a half day adventure canoeing some of the most scenic portions of the Housatonic River.
- **KK.** Landscape Design Head for the woods and learn how to inventory and analyze a backyard, woodlot or other property in order to manage for wildlife, aesthetics or whatever you choose. Instructor Anna James is a forester with a background in landscape design. (Limit 10)
- **LL. The Nature of Self Defense** Cultural stereotypes still portray women as victims, incapable of self defense and dependent on others for protection. In this fun and non-threatening workshop we will affirm our right to self-preservation, differentiate between fear and anxiety and practice simple, effective techniques of self defense.
- MM Geocaching Join Stu Bristol, Outdoor Writer and Master Maine Guide, for an introduction to Geocaching, one of the fastest growing outdoor sports in America. Participants in the sport go to the internet website www.geocaching.com and download a map and GPS coordinates for a container filled with treasures. Your search for hidden treasure will take you to some of the most beautiful locations you never knew existed, right near your home. BOW students will learn the basics of topographic maps, compass and GPS receivers, then search for hidden caches at the BOW site. All equipment will be furnished for this exercise. Today more than a quarter of a million treasures exist, waiting for you to find. Geocaching is great family fun with only a modest equipment cost.
- NN Ropes See "G" under Friday for course description

#### Please Read Carefully

**Workshop Fee:** Workshop Fee includes instruction, program materials, use of demonstration equipment, transportation to off-site sessions, seven meals, and two nights lodging. The fee for the weekend is \$300.00 per person. Sign up early as registration is limited. Coming with a family member? You may be eligible for a special discount — see below.

Family Discount: a 10% discount will be given on any Mother/Daughter, Grandmother/Granddaughter or Sister registrations.

Upon receipt of your registration and payment, you will be sent a confirmation letter with a map to the Eastover Resort and a list of appropriate clothing and equipment. Participants are encouraged to bring cameras and binoculars.

Cancellation Deadline is May 31: If you are unable to attend, you may transfer your registration to any other person who wishes to attend the workshop. If you must cancel a reservation before May 31, you will receive a refund less a \$50 processing fee. After that date, you will be assessed the full program fee. (Registrations will be accepted until 4 PM on June 1, 2006.)

Scholarships: A number of partial scholarships are available. Applicants will be required to pay \$150. Please send your written request for a scholarship along with a check for \$150 and registration materials to the BOW workshop address. Preference will be given to full-time students and single-parent households. Please include a written paragraph, "Why I want to Become an Outdoorswoman."

**Lodging:** Eastover has a beautiful series of lodges and cabins situated on 1000 acres of fields and gardens adjacent to October Mtn. State Forest. Most rooms are doubles. Single rooms are available for an additional \$40.00/night. All lodging is non-smoking.

Roommate request (if any) \_\_\_\_\_ (not requesting a roommate is a great way to meet new people)

Preferences: (please circle one) Early To Bed or Night Owl

Meals: Let us know of any special diet, lactose intolerance, food allergies or requests for vegetarian meals.

**Special Needs:** If you have a disability, medical condition or special diet requirements, please indicate them with your registration. We will do our best to accommodate your needs. For more information, call Ellie Horwitz: (508) 792-7270.

Registrations will be processed in the order received by the postmark on the envelope with preference given to those who have not attended a "Becoming an Outdoors-Woman" workshop in Massachusetts. Mail your registration forms as soon as possible to ensure participation in the sessions of your choice!

# Registration Form

# Becoming an Outdoorswoman in Massachusetts June 9 - 11, 2006
